WE CREATE VISION

Founded in 1985, Tedson Industries, Inc. has been a staple of the machining and prototype world for over 25 years. We have vast experience in the fields of automotive concept & advanced product development, marine, industrial, visual imaging, sports & leisure, and aircraft—just to name a few. Tedson Industries, Inc. also offers design capabilities, and our 25,000 sq. ft. facility is stocked with the tools and machinery necessary to accommodate new challenges.

Feel free to contact us if we may be of any assistance to you on your future endeavors.
